FEBRUARY 2006

TO ALL INTERESTED CITIZENS:

The Department of Health and Senior Services is pleased to provide the enclosed Directory of Grant Programs for the State Fiscal Year 2006. This directory provides a comprehensive listing of grant funds available from the Department. If additional grant funds become available during the year, the Department will publish information about them in the New Jersey Register.

The Department of Health and Senior Services awards grants from State appropriations, federal awards, and other funding sources. Since the award and appropriations of these funds do not always conform to the State Fiscal Year, the information included in this directory is based on the anticipated grant programs that will become available during the period July 1, 2006 through June 30, 2007.

The directory is divided into separate programs, which provide specific services through grant awards. Many programs are funded jointly by State, federal and other funds. The information identified in the directory is without reference to the source of funding.

There are certain funds awarded within the grant category that have been excluded from this directory. They represent formula grants which, by law, are distributed to specific agencies (i.e., counties and municipalities); special legislation to provide funding to a specific agency; and disbursement of funds by other than grants awards. Please contact the Grants Management and Review Program at 609-588-7448 to provide additional information on these programs or by fax at 609-588-3100.

To receive additional copies of this directory, please contact the Grants Management and Review Program. Copies can be downloaded from Department's web site at www.state.nj.us/health. Grant forms and reports are also available at the same web site address.

Sincerely,

Fred M. Jacobs, M.D., J.D.
Commissioner

STATUTORY AUTHORITY:

NJCSCR Fund Chapter 201 P.L. 1999 NJSA 52:9E-1

TYPE OF AWARDS TO BE ISSUED:

Letter of Agreement

PURPOSE FOR WHICH THE GRANT PROGRAM FUNDS WILL BE USED:

The NJCSCR will fund Postdoctoral and Graduate Student Fellowship grants to attract and retain in New Jersey's qualifying academic research institutions talented young scientists who wish to pursue a career in spinal cord regeneration and repair research. All awards will be made to the research institution in the name of the fellow. All proposals are reviewed by a panel of independent scientific experts who are appointed by the NJCSCR. The panel will evaluate candidates on academic qualifications, the scientific merit of the proposed research project and its relevance to the research priorities of the NJCSCR, the qualifications of the candidate's mentor, the adequacy of facilities, and institutional support.

AMOUNT OF MONEY IN THE GRANT PROGRAM:

Postdoctoral Fellowships are two-year awards of \$50,000 per annum. They provide an annual stipend of \$36,000, a research allowance of \$13,000, and a travel budget of \$1,000. No part of the award may be used for institutional overhead or indirect costs. Institutions may supplement stipends, but not with other full-time fellowship awards, or other NJCSCR monies. A candidate may not apply for a NJCSCR Postdoctoral Fellowship and a NJCSCR Individual Research grant in the same grant cycle. If a first-year fellow applies for and is awarded a NJCSCR Individual Research grant, funding will be contingent upon cancellation of the second year of the fellowship. Non-research activities, such as teaching, may not occupy more than 10% of the fellow's time.

Graduate Student Fellowships are two-year awards of \$30,000 per annum. They provide an annual stipend of \$25,000, a research allowance of \$4,000, and a travel budget of \$1,000. No part of this award may be used for institutional overhead, or for tuition. Institutions may supplement stipends, but not with other full-time fellowship awards or other NJCSCR monies. Applicants may serve as teaching assistants while holding a NJCSCR Graduate Student Fellowship without special permission.

Successful applicants are offered the opportunity to participate in an approved spinal cord injury techniques course. The NJCSCR will make available up to \$4,000 for a grantee to attend one of the following spinal cord injury techniques courses at: Reeve Irvine Research Center, University of California, Irvine; The Ohio State University; and The W.M. Keck Center for Collaborative Neuroscience, Rutgers, The State University of New Jersey. Grantees are responsible for making all necessary travel and course participation arrangements and payments. Reimbursements will be made to those who provide proof of course completion and expense receipts. Awards will begin on or about December 15, 2006. The NJCSCR reserves the right to distribute funds among the grants in this program 07B-SCR-3 as well as among the NJCSCR's other grant programs 07B-SCR1, 07B-SCR-4, 07B-SCR-5. The NJCSCR reserves the right not to fund any grants in this program 07B-SCR-3 to the maximum amount, or not to fund any grant in this program at all. Between \$2,000,000 and \$4,000,000 should be available for all four grant programs (07B-SCR-1, 07B-SCR-3, 07B-SCR-4, 07B-SCR-5). Funding estimates may vary and are subject to annual appropriations. Each funding award within the two-year period will be contingent upon the availability of funds. All Postdoctoral and Graduate Student Fellows must submit a first-year Progress Report accompanied by a letter of support from the fellow's mentor. Second-year fellowship funding is contingent upon the successful review of the first-year Progress Report and a recommendation from the mentor. Any change in relationship between the fellow and the mentor, or between the fellow and the host institution will require the submission of a new, competing application by the fellow as opposed to a Progress Report. NAME OF GRANT PROGRAM:

NEW JERSEY COMMISSION ON SPINAL CORD RESEARCH

Five-Year Named Chair for Senior & Junior Faculty

STATUTORY AUTHORITY:

NJCSCR Fund Chapter 201 P.L. 1999 NJSA 52:9E-1

GRANT PROGRAM NO. 07B-SCR-4

TYPE OF AWARDS TO BE ISSUED:

Cost-Reimbursement Grants

PURPOSE FOR WHICH THE GRANT PROGRAM FUNDS WILL BE USED:

The NJCSCR will fund grants totaling \$1,000,000 for a single senior faculty and \$600,000 for a single junior faculty for a Five-Year Named Chair for Senior and Junior Faculty to facilitate the recruitment of highly qualified out-of-state scientists to establish new spinal cord injury laboratories in New Jersey. The NJCSCR will also consider applications from in-State scientists in other fields proposing to shift their focus and establish new spinal cord injury laboratories in New Jersey. All qualifying institutions in the State of New Jersey may apply. The qualifying institution must provide evidence of support such as appropriate laboratory facilities and the commitment of financial support necessary to sustain the research for a minimum of five years. A qualifying research institution may not apply for both a "One-Time Start-Up Cost" grant and a "Five-Year Named Chair for Senior and Junior Faculty" grant using the same faculty member in the same grant year. A person holding one of these positions will be called "New Jersey Professor of Spinal Cord Research."

AMOUNT OF MONEY IN THE GRANT PROGRAM:

Grants will total \$1,000,000 for senior faculty and \$600,000 for junior faculty (includes direct and indirect costs, a maximum of 10% may be applied to indirect costs). Successful candidates also will receive \$100,000 and \$50,000 respectively in start-up costs. Awards will begin on or about December 15, 2006. The NJCSCR reserves the right to distribute funds among the grants in this program 07B-SCR-4 as well as among the NJCSCR's other grant programs 07B-SCR-1, 07B-SCR-3, 07B-SCR-5. The NJCSCR reserves the right not to fund any grants in this program 07B-SCR-4 to the maximum amount, or not to fund any grant in this program at all. Any change either in awardee or the research focus on spinal cord injury will result in the revocation of the award and the return of all funds on a prorated basis. Annual funding within the five-year period will be contingent upon the availability of funds and the submission of an annual Narrative Report that is favorably reviewed by an independent scientific merit review panel. The panel's continuation recommendations will be made to the NJCSCR for funding approval. Project periods may not exceed five years. An Evaluation Form must be submitted to the NJCSCR office each year for two years following termination of a Five-Year Named Chair grant.
